

My little homeland
– Country, town,
school!

Welcome in Poland! This is a country located on the Central Europe.

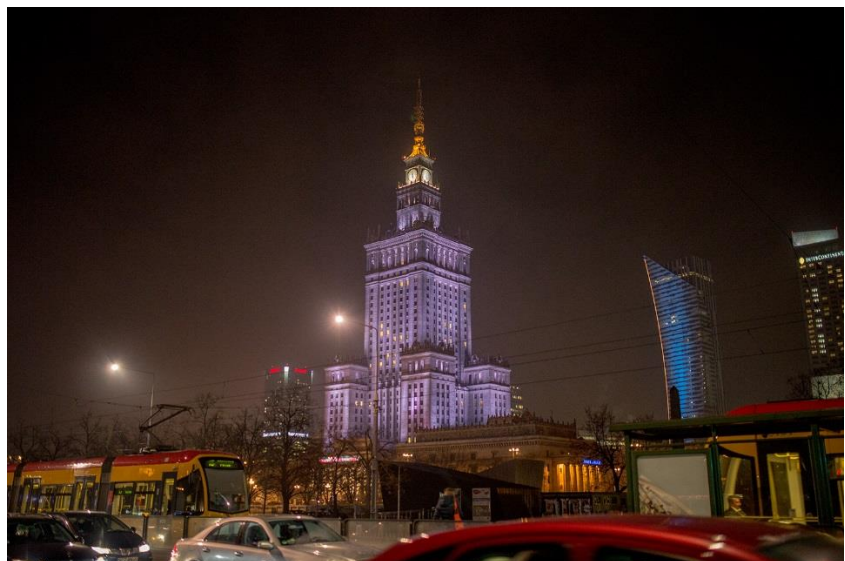

It is situated between the Baltic Sea in the north of the Sudeten and Carpathian Mountains in the south. Polish administrative surface is 312 679 square kilometers and live here nearly 38,5 million people. Our neighbors are Russia, Germany, Lithuania, Belarus, Ukraine, Czech Republic and Slovakia.

Our country is divided
into 16 provinces.

The capital of Poland is
Warsaw.

Here are a few major
cities: Krakow, Poznań, Wrocław and Gdańsk.

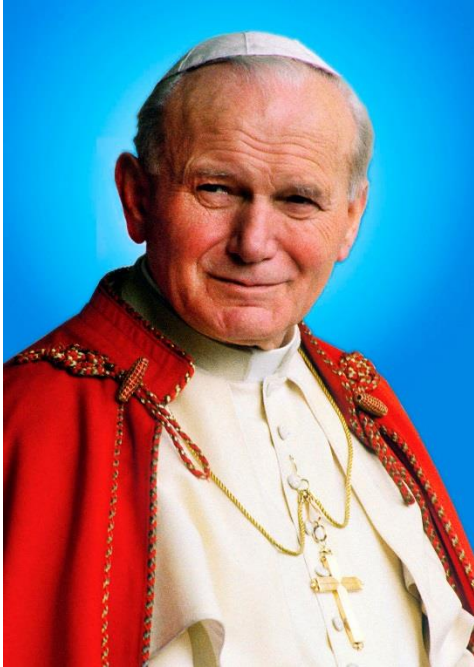

Polish natural environment is extremely varied. Poland is one of the most forested countries in Europe.

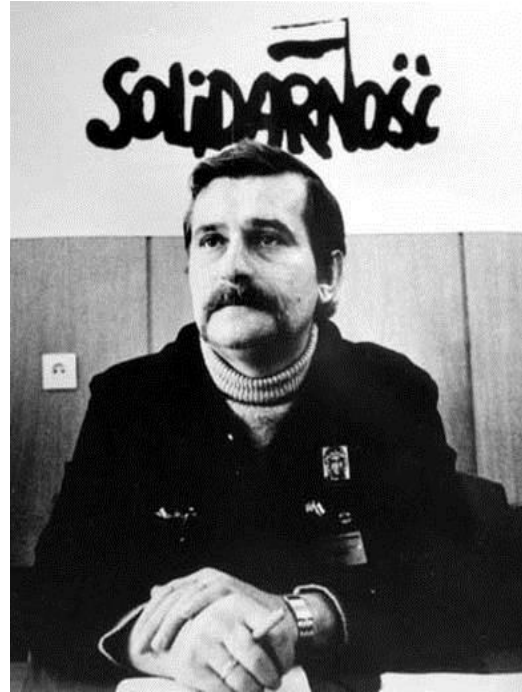

Famous Poles:

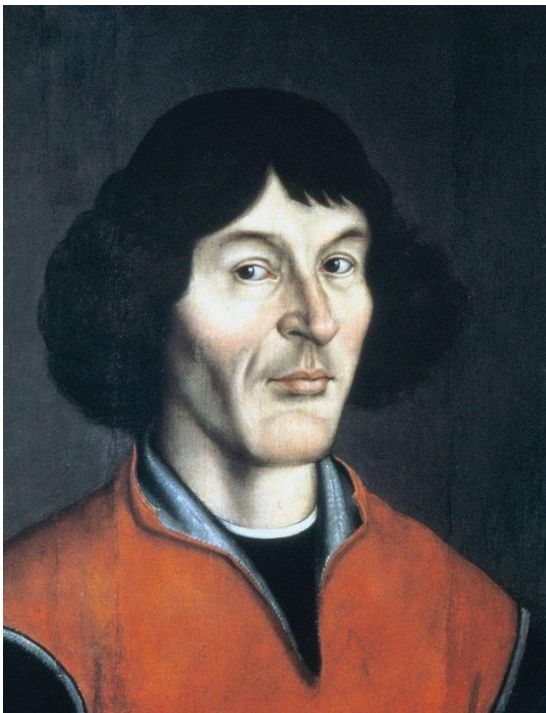

Jan Paweł II

Lech Wałęsa

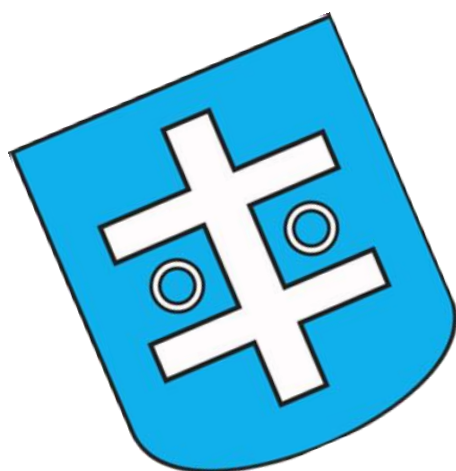

Mikołaj Kopernik

Maria Skłodowska-Curie

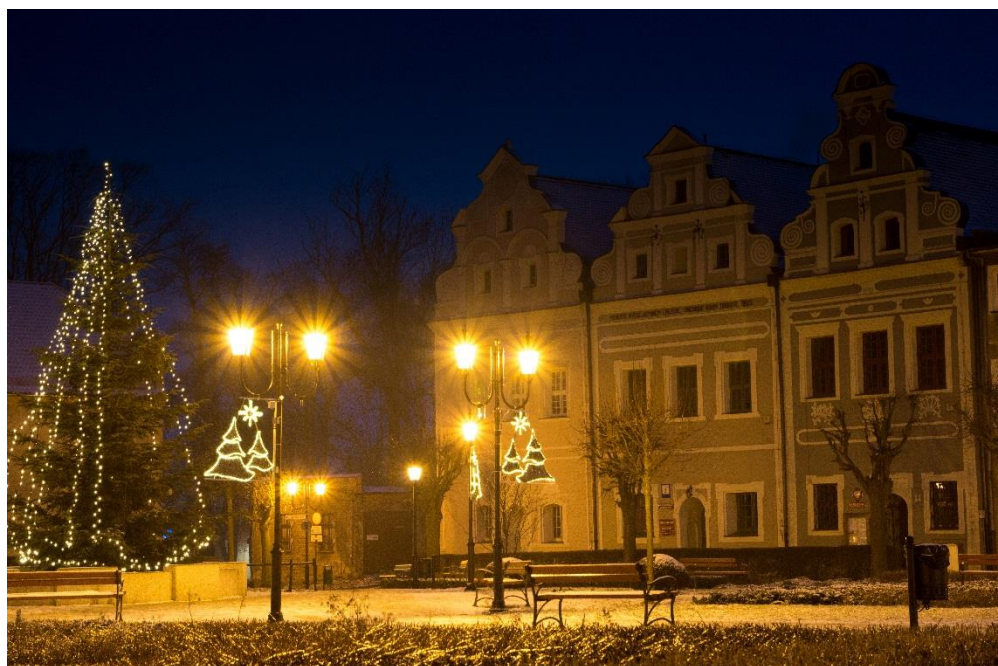

At the moment we are moving to
a royal town, which is called
Wschowa. It is a city in Lubuskie
in the western Polish. He
currently lives in it about 15
thousand people.

Wschowa called the royal city. This is not surprising, because in 1364 just Wschowa was married Kazimierz Wielki with the princess Jadwiga. Also Wladyslaw Jagiello is closely connected with this beautiful picturesque town. Well, in 1404 he issued a privilege that allows the city to the beat of small coins.

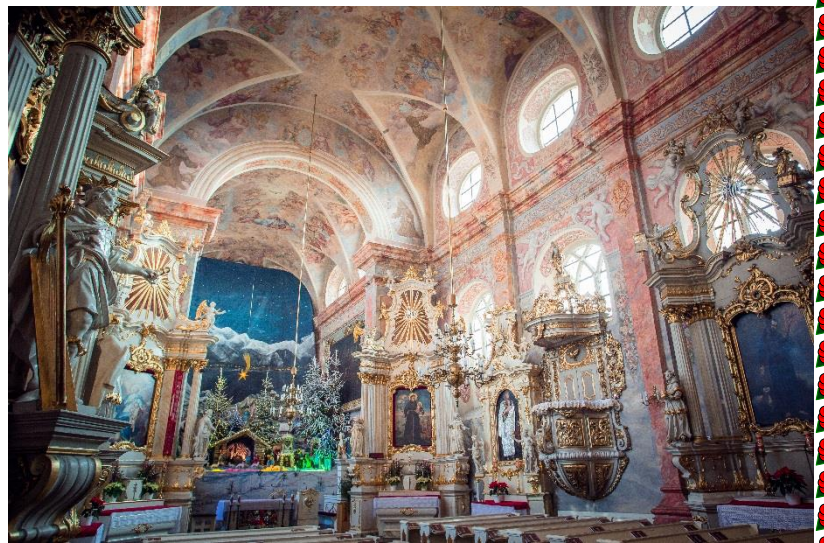

Wschowa is very rich in historical monuments.

Among the beautiful sights of our city there is also a
High School named Tomasz Zan.

My school has existed for 70 years. Currently, the school can learn in classes of profiles: humanities and journalism, polytechnic and language. Education here lasts three years and students are from 16 to 19 years old. When we end school we write exam of maturity.

The school has
19 classrooms, a
library, gym
and also School
Career Center.

Students from our school are numerous successes in contests and competitions between schools. The students in our school also created a school television:

ZAN.TV.

They report important events in the life of the school,
among other things:

- Independence Day
- English-language song contest
- Sport Day
- Pajamas Day

I invite to

and my school !
